THE ELITRA EXAM IS THE MOST COMPREHENSIVE PHYSICAL EXAMINATION AVAILABLE ANYWHERE.

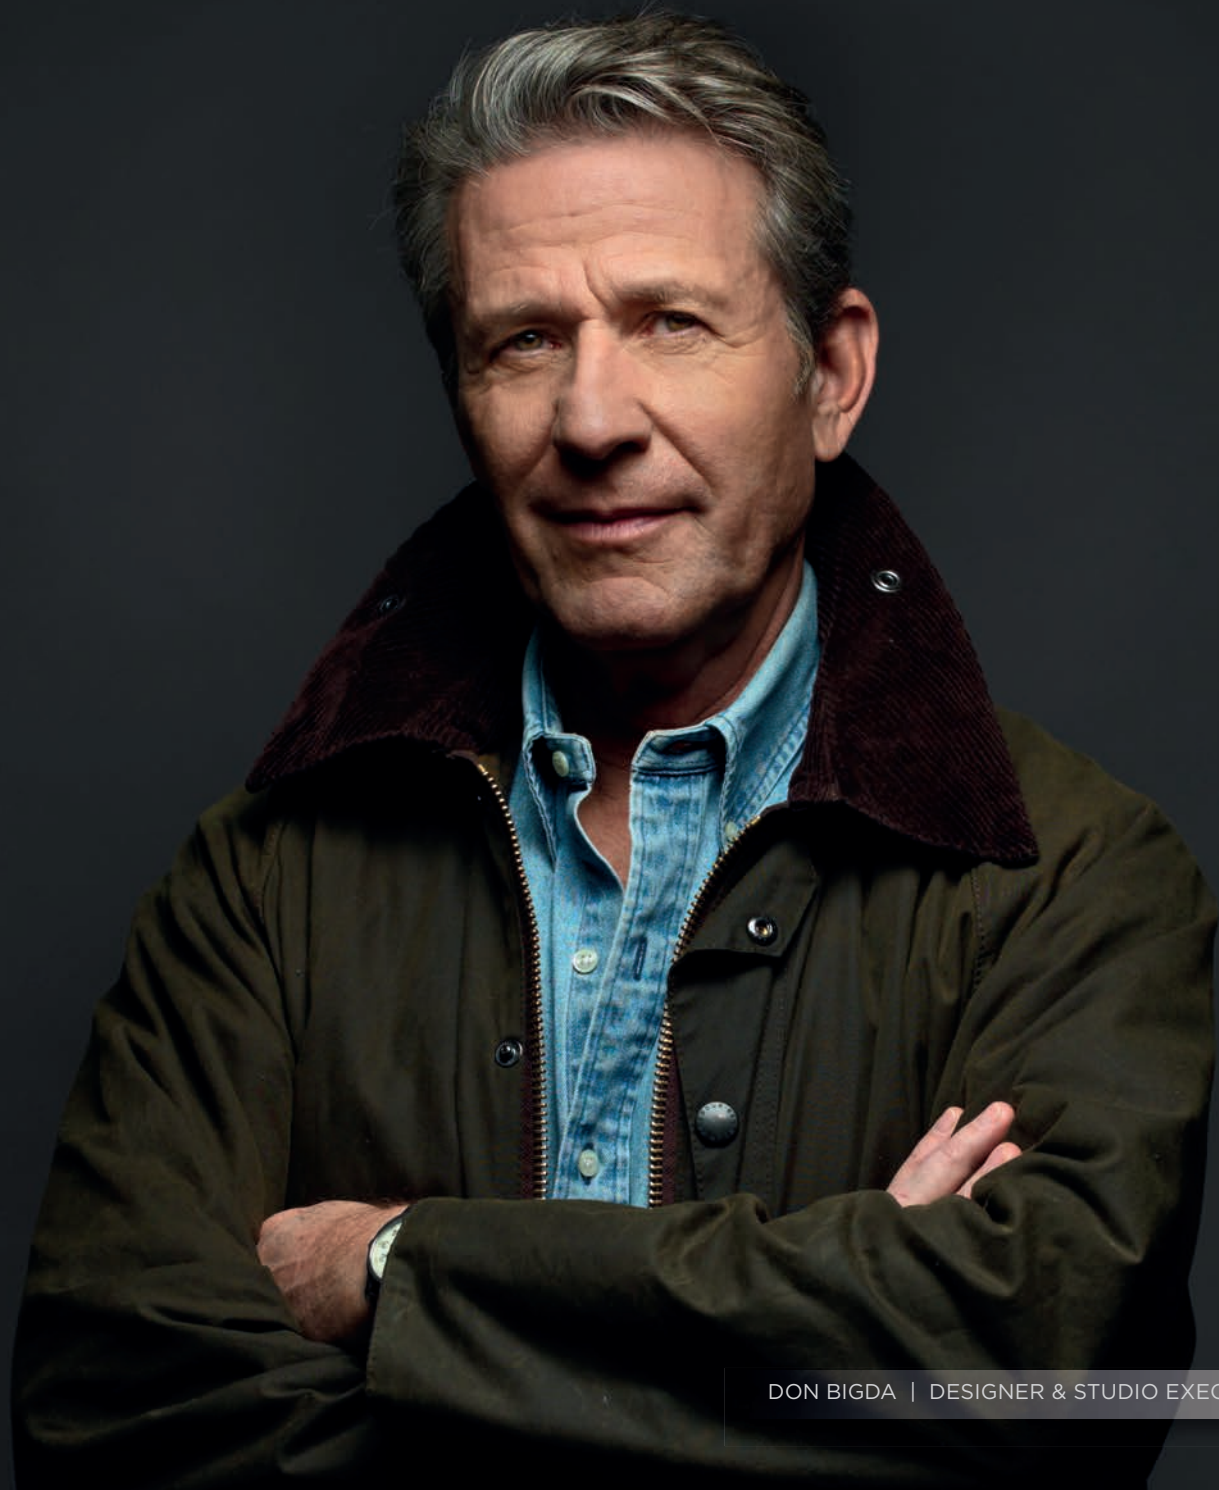

YES, EVEN IN NEW YORK.

Successful individuals understand the importance of establishing and maintaining a healthy lifestyle. Your health is your most valuable possession. Today, Elitra Health offers services and programs in line with these personal values including the most comprehensive personal physical exam available - the Elitra Exam.

**ELITRA HEALTH PROVIDES THE ULTIMATE IN PREVENTATIVE
MEDICAL CARE, LUXURY AND PEACE OF MIND.**

The Elitra Exam will provide you an extensive early detection comprehensive physical exam within a luxury setting of world-class concierge medicine. You will receive a complete full body checkup during a single 4-5 hour visit. Your exam will be conducted by our team of preventative care physicians within a world-class Mount Sinai affiliated medical facility. And you will leave your visit with a comprehensive medical report in hand. Plus, one of our coordinators will help schedule any additional specialist visits if necessary.

Conveniently located in the heart of Lower Manhattan, you will find that Elitra Health presents the unparalleled integration of world-class medical expertise within a luxury spa-like facility. Through continuous research, evolving technologies and evolving healthcare practices, we continue to lead the revolution of proactive preventative medicine with one simple mission: to keep you **Well Above All**.

DON BIGDA | DESIGNER & STUDIO EXECUTIVE

THE ELITRA EXAM.
THERE IS A REASON THIS IS
THE WORLD'S MOST COMPREHENSIVE
MEDICAL EXAM.

ACTUALLY, A LONG LIST OF REASONS.

THE ELITRA EXAM | From the moment you arrive and check in with an Elitra Health host, you will realize The Elitra Exam is a completely different level of personalized medicine. The following is an at-a-glance view of what you can expect during your visit.

1 - WELCOME | One of our friendly hosts will greet you in the lobby, review all paperwork, help you check in and preview your schedule for the day.

2 - LOUNGE AND CHANGING SUITE | Your host will escort you to the changing suite and give you the chance to settle in.

3 - BLOOD WORK | We begin your blood work right away to minimize the time you need to fast, and to ensure same-day results from our on-site lab.

4 - BREAKING FAST | Following your blood draw, you will be able to relax and recharge with a light meal.

5 - IMAGING | Once you have finished breakfast, you will be escorted to our radiology suite for full-body imaging. Our technologically advanced suite provides a variety of radiology modalities including CT Scan, Mammography, X-ray and bone densitometry.

6 - PHYSICAL EXAM | Your designated Board-certified physician will review your detailed medical history and perform a comprehensive head-to-toe physical exam.

7 - SKIN CANCER AND DERMATOLOGY SCREENING | The physician will conduct a thorough skin examination scanning for all possible indicators of skin cancer or other problematic skin conditions such as eczema, rosacea or dermatitis.

THE ELITRA EXAM. (CONTINUED)

8 - STANDARD SCREENING AND TESTING | Physician-recommended screenings and tests are then conducted; these typically include Audio and Vision screening including Glaucoma testing, Pulmonary Function, and checking your vitals.

9 - CARDIAC STRESS TEST | One of our technicians will escort you to our cardiac suite where you will receive both a resting and active electrocardiogram (EKG) as well as a complete cardiac stress test.

10 - COGNITIVE/NEUROLOGICAL ASSESSMENT | A physician will conduct a complete cognitive assessment and provide a detailed report and plan for optimal brain health.

11 - NUTRITION COUNSELING | A registered dietician will analyze your diet, prepare a personalized nutrition plan and discuss diet recommendations during your consultation.

12 - FITNESS/PHYSICAL ASSESSMENT | An exercise physiologist will conduct a comprehensive flexibility, strength and cardiovascular assessment, create a customized exercise and fitness program, then demonstrate and practice each exercise with you.

13 - RELAXATION | Following your Fitness/Physical Assessment, you will have the opportunity to relax with a therapeutic massage.

14 -CONSULTATION AND DISCUSSION | Upon completion of individual exams and screenings, the physician and clinical team members will consult with each other, discuss their findings and determine recommendations. The physician will then discuss the results and recommendations, and answer any questions you may have.

15 - REPORTING | You will leave your visit with a comprehensive written report, and recommendations will be sent to you and (with your consent) to your primary care physician. Through a clinical alliance with Mount Sinai Hospital, our patients are given priority scheduling and special access to top specialists in the event that follow-up is needed.
